The companies in question Facebook, Twitter and Uber have not made any payments to myself Uddhava Sananich after taking the companies from me and terminating me and changing the laws to push me away from the natural due process. Their payments are long over due, or they need to give me 51% of the Company and all earnings.

COMPLAINT

Facebook, Twitter, and Uber

Defendant,

TO THE SUPREME COURT OF THE STATE OF NEW YORK

The complaint of the plaintiff Uddhava Samanich, respectfully shows and alleges as follows:

Facebook and Twitter and Uber are all companies I advertised for and was trying to start since then they started them without me never paid me anything. I sent them recent bills and they haven't responded. The only response I've gotten was beaten and hit with cars to not talk. Basically, they used government credentials and access to administer their threats and assault against me.

They have me without insurance paid after they beat me and they got people to hit me with vehicles.

The companies specified herein, Facebook, Twitter, and Uber all have made over \$500 billion dollars and Melkman's Sonenich is requesting these companies to pay him \$360 billion dollars in lost profits, time loss, and ruffloss action to keep the investors of him covered and him timid to pursue timely civil action or they can give him his 51% percent of the companies and all the profits made since they were established.

It's also ironic our government as they want to take away our holding up the housing system or putting bays or using machinery to affect me if I talk for basically a hostage of a political prisoner that don't want to pay, because I'm not a person or a person with rights.
